STUDENTS MIRRORING SUCCESS

Our mission is to prepare all students to become productive learners in a safe environment that is developmentally appropriate as it meets the educational needs of the Summers Middle School students through standards of excellence in curriculum, guidance, exploration, and community involvement.

Our over-arching goal: Summers Middle School will develop and implement plans to emphasize critical thinking, reasoning, emotional, and physical aspects of our students; foster characteristics of independence, responsibility, self-discipline, adaptability, and develop life-long learners and healthy productive citizens.
